"We do what we love and we love to build extraordinary staircases" Siller is a family run business since 1958

TORNADO FRANKFURT

TURN AND TURN

Give your home a sculptural element with a TORNADO stairase design by SILLER

A SILLER classic, the TORNADO design with seamless white finish and wooden treads.

TORNADO FRANKFURT

"We do what we love and we love to build extraordinary staircases" Siller is a family run business since 1958

BULKY STAIR COBRA

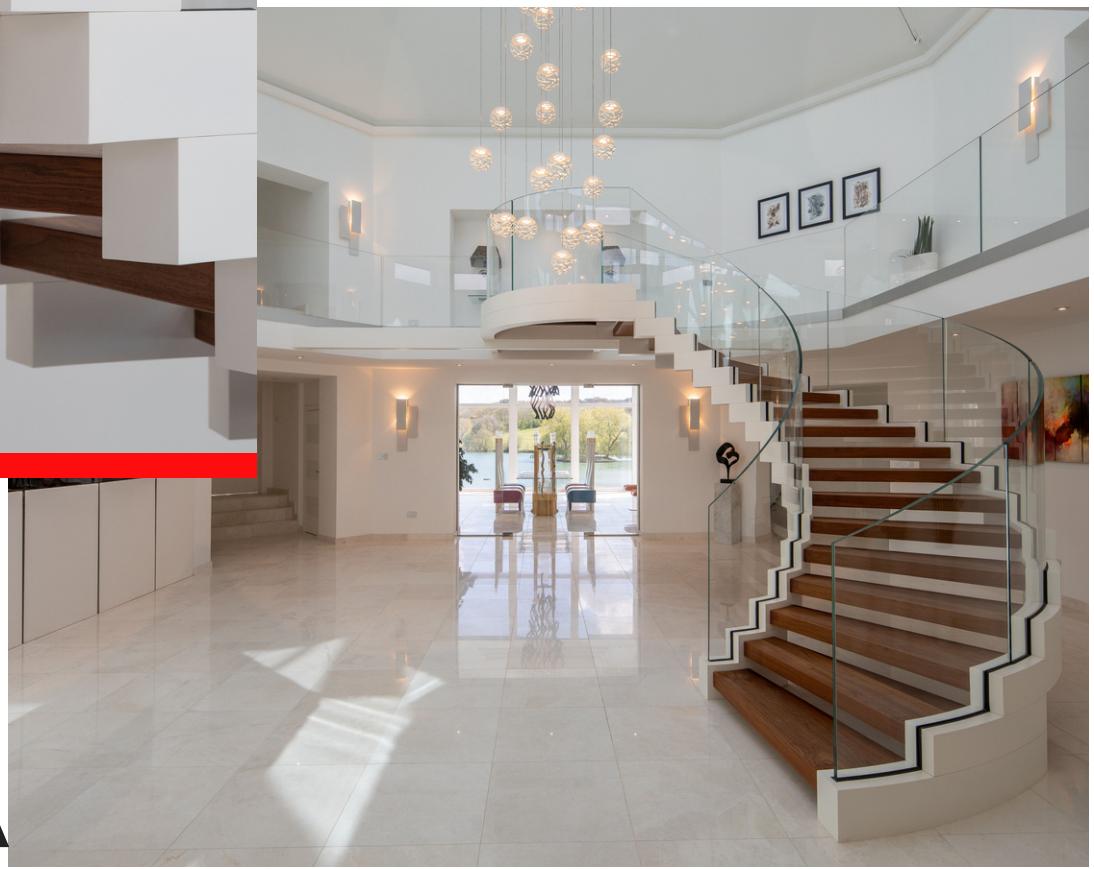

MAKE A STATEMENT

The bulky stringer staircase COBRA is the ideal choice for large foyers. It makes quite a statement and impresses your visitors, that is for sure!

Limitless finishes of the stingers and the treads are possible. Most classic is the combination of white painted stringers and dark wall nut treads.

COBRA

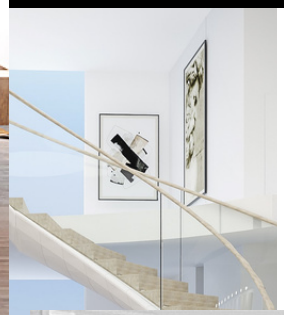

Stairs with Italian design and German quality craftsmanship for clients around the world

MONOLYTHIC

CREATING NEW THINGS

The under side of the staircase has a 3D shape. Our system provies the upmost flexibility in creating amazing shapes and guaranties limitless design and a long lasting quality.

This amazing staircase containes an innovative steel structure which is in segments and works for high rise buildings and sites with difficult access.

MONOLYTHIC DESIGN

Stairs connect living spaces ... in a traditional wooden house just as much as in a prestigious Villa or office building.

TORNADO

GENTLY FLY UPWARDS

Even for small spaces you can create something extraordinary.

Lighting in the nose of the treads provides a final touch of exclusivity. Give it a cozy atmosphere with warm white light.

TORNADO ORIGINAL

You cannot only see stairs but also sense, hear and feel them.
Even on the first step you notice whether you are walking comfortably

COBRA WHITE

IS THAT POSSIBLE?

It is more than living. Make your home and adventure.

The COBRA design with the flaired entrance invites you to step up the stairs and just try it out.

COBRA WHITE

You cannot only see stairs but also sense, hear and feel them.
Even on the first step you notice wheather you are walking comfortably
HELICAL WOOD

REDUCING ELEGANCE

Sometimes it does not take much to get a lot.

Make it simple but look good with Siller Stairs. Helical wood stringer staircase with glass railing, an all time classic.

HELICAL WOOD

Does the stair creak softly under your feet? Does the handrail feel comfortable and warm? Only quality transforms a staircase into a pleasant experiance.

TORNADO HELICAL

MAKE IT HELICAL

Make use from our creativity and get a unique SILLER TORNADO design.

With a wider radius you get an attractive helical stair design. Choose between wood or Corian treads and risers..

TORNADO HELICAL

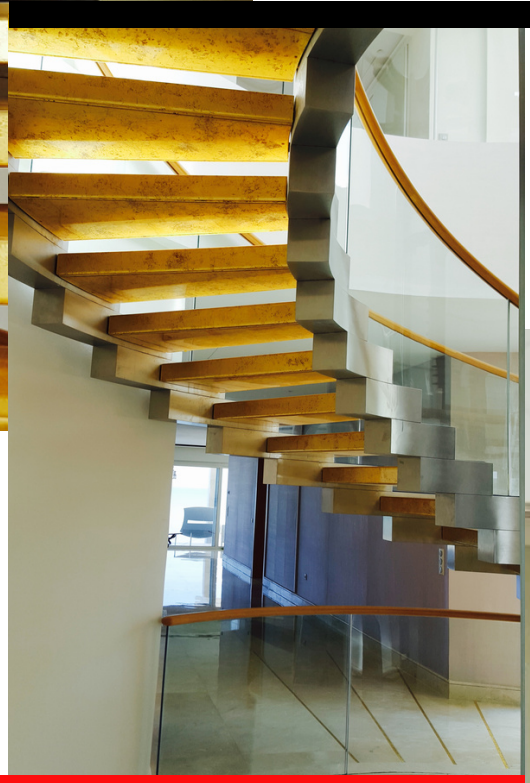

Latest technology and creative thinking helps us to create amazing designs and transform stairs into a piece of art.

COBRA GOLD

JUST GOLD

Handcraft at its limits. This is a real artwork. The treads are finished with gold leave, which has been applied in handwork.

Brushed stainless steel stringers and the leave gold treads gives this design a unique exclusivity.

COBRA GOLD

SILLER is a stair builder with love for attention to detail
Wheather wood, steel or glass, we get the best out of it

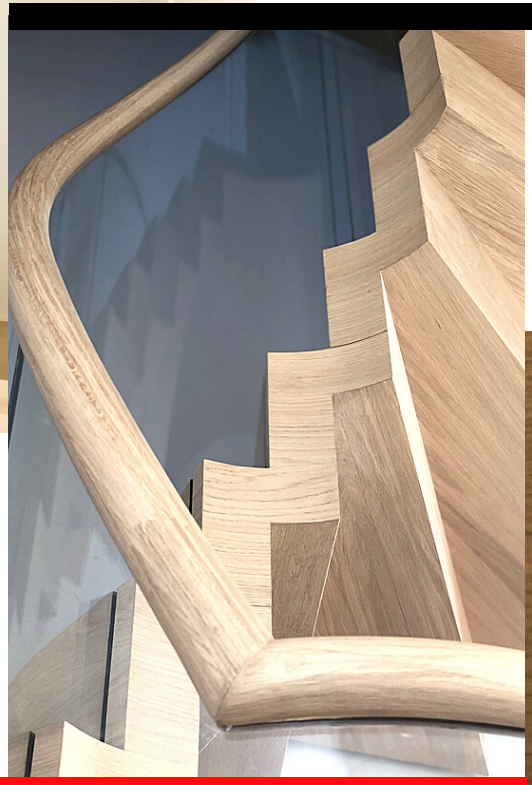

ZIG ZAG HELICAL

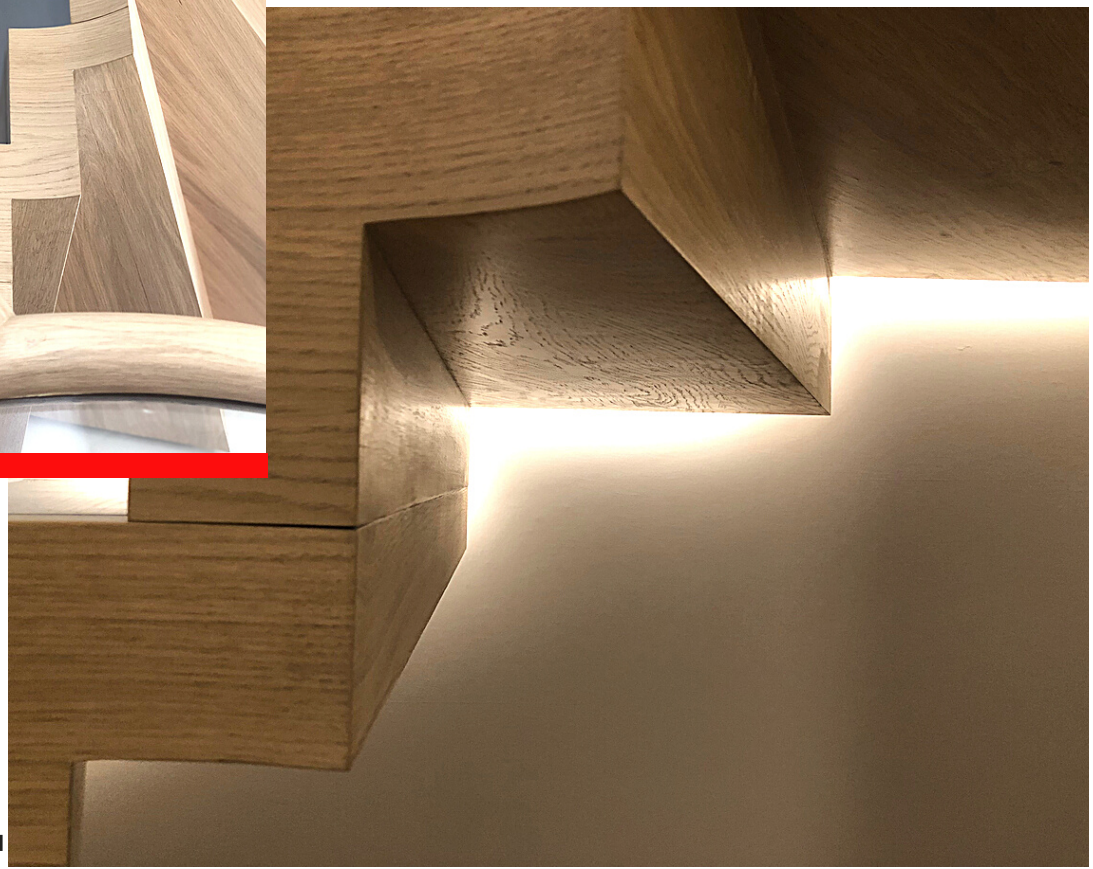

AND ANOTHER!

The custom made turned Zig Zag design fits in almost every space. With a well thought layout you get the most of confortability out of the space.

Curved wooden handrail and the LED lights between the stair and the wall round up the design and make it special.

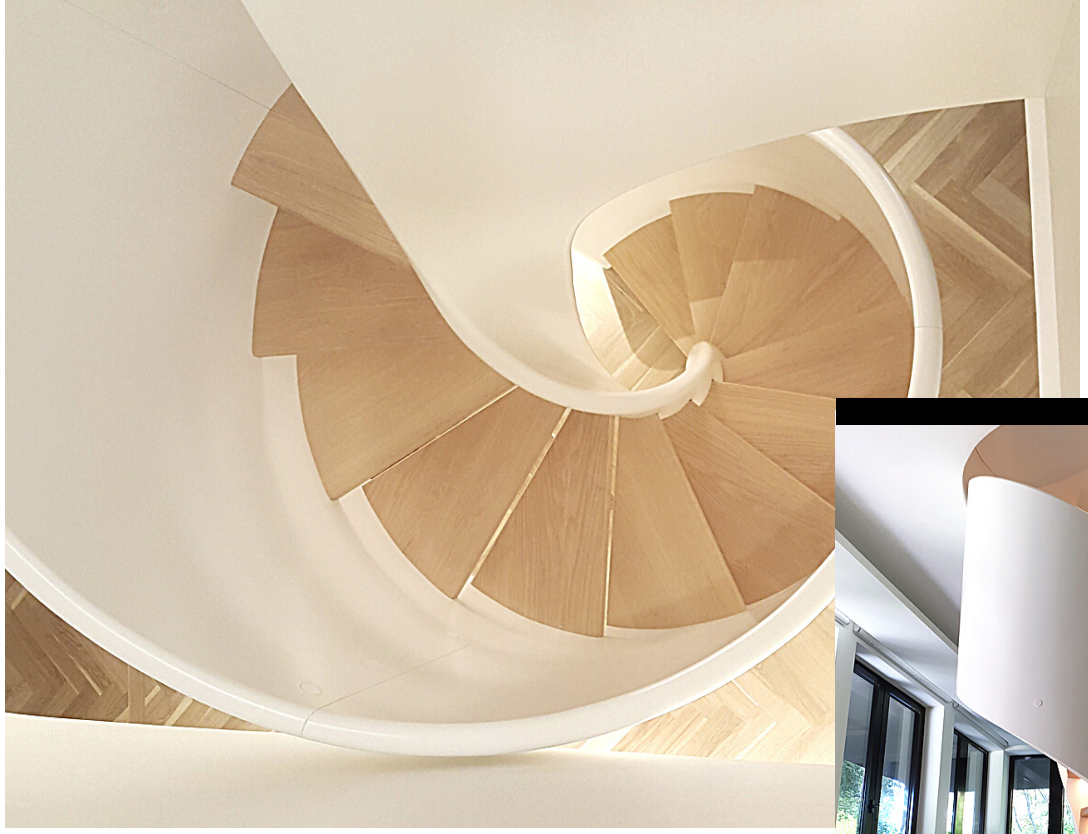

ZIG ZAG HELICAL

SILLER is a stair builder with love for attention to detail
Wheather wood, steel or glass, we get the best out of it

TORNADO SPIRAL

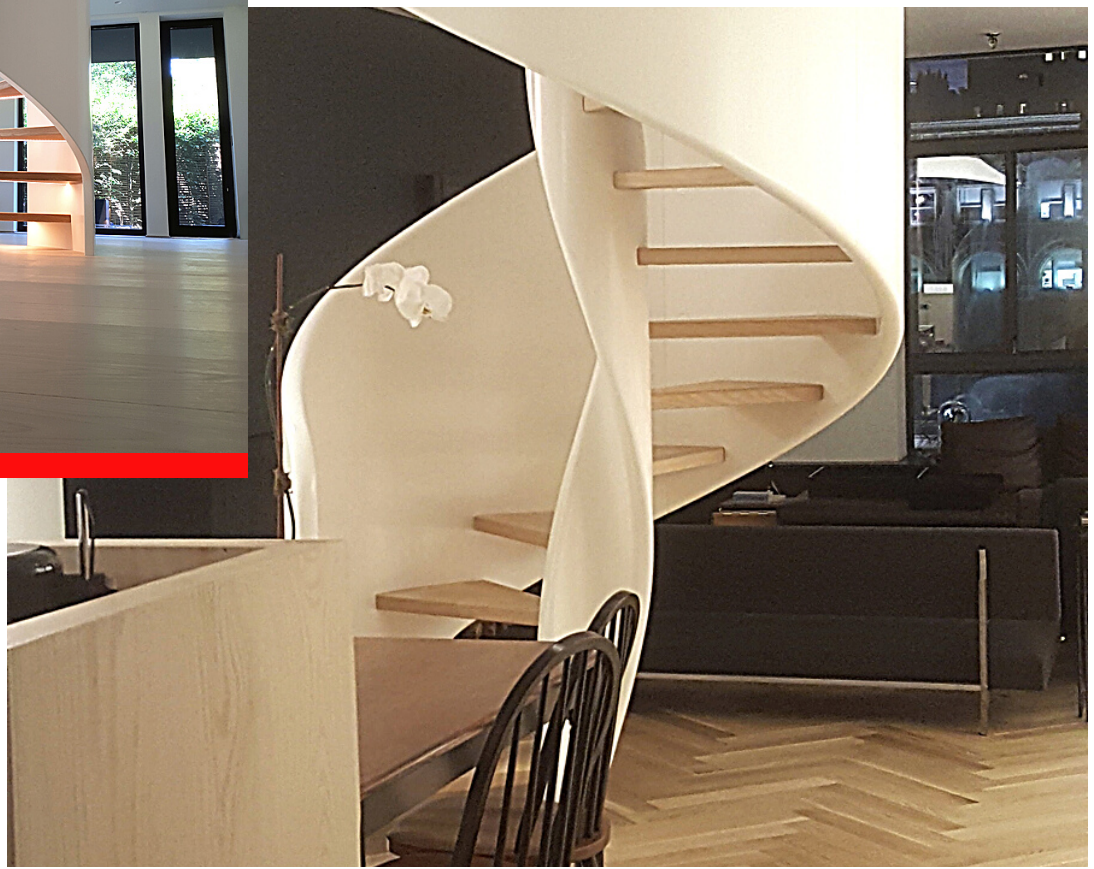

MAKE IT TRANSPARENT

Open treads let the light through and give it transparency.

Get the feature of the turned spindle but without the bulky look with our TORNADO SPIRAL.

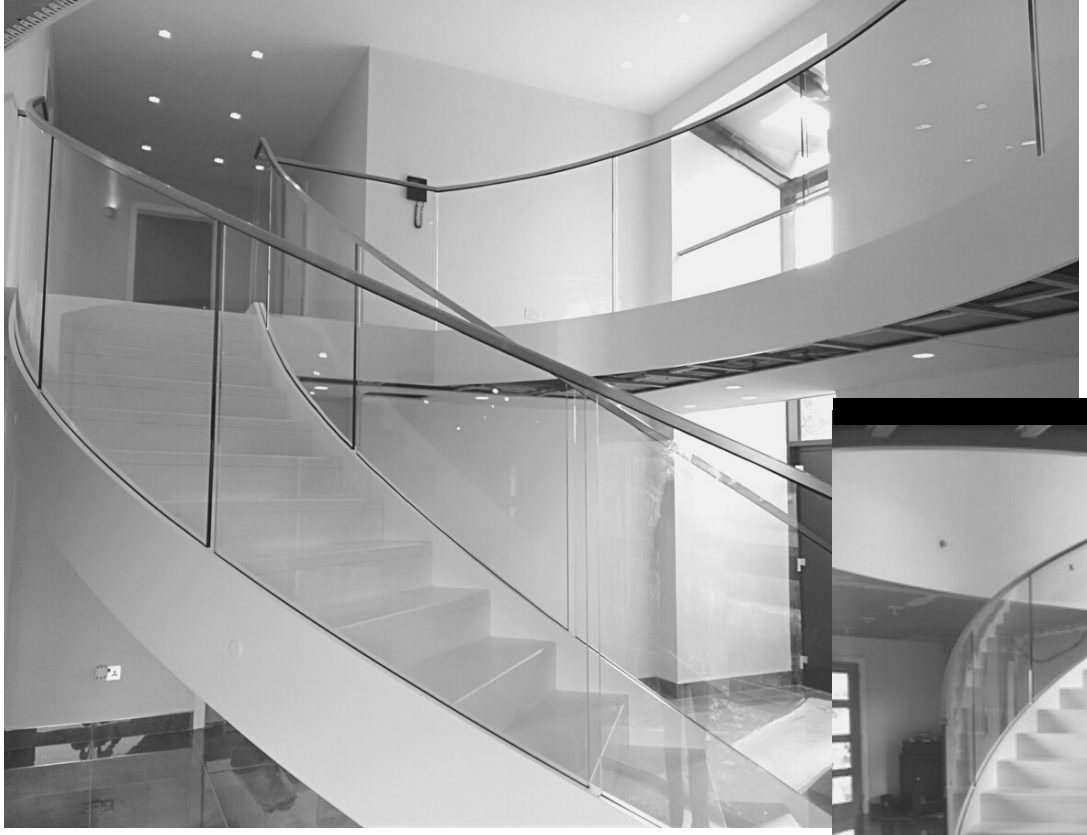

TORNADO SPIRAL

Stairs with Italian design and German quality craftsmenship - this is SILLER Stairs - serving clients around the world

CURVED CORIAN

CORIAN CLADDING

Helical staircases with glass railings are just a crasher. We like it!

You want a long lasting white finish? Choose our CORIAN cladding. An original by DuPont.

CURVED CORIAN

Gently floating upwards...
Building glass stairs is a challange for fabricators and designers, but one we like.

FLY MINI

INDUSTRIAL LOOKS

Choose between glass or wooden treads.

The FLY MINI has an industrial look.
Innovative techniques helps to creat
this amazing feature stair.

FLY MINI

Gently floating upwards...
Building glass stairs is a challange for fabricators and designers, but one we like.

COBRA BRONZE

THE COBRA

Stucco, concrete, plaster, painting,
everything is possible.

With a choice of different finishes and
materials you can create totally
different looks of the same design.

BRONZE
SILVER

Gently floating upwards...
Building glass stairs is a challange for fabricators and designers, but one we like.

SCIRIA CLARITY

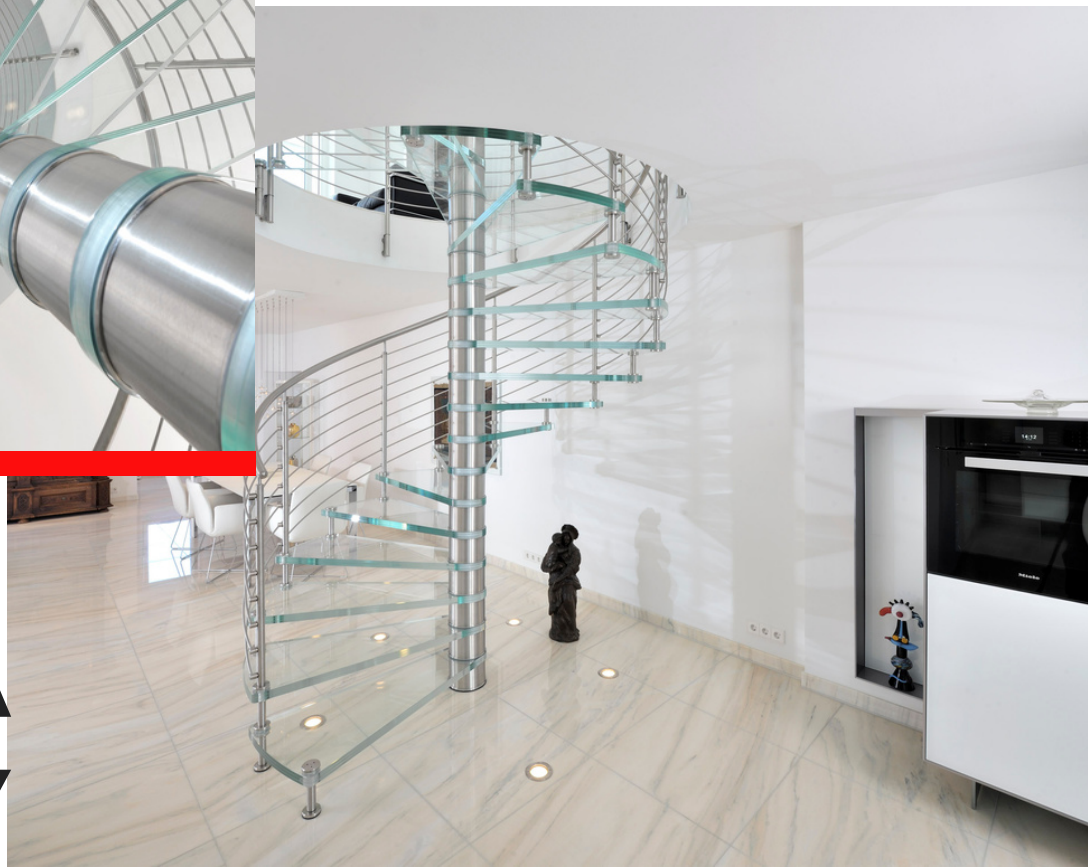

OLD BUT NOT OUTDATED

A classical spiral staircase with central post and glass treads.

Sometimes the simple things make a difference.
